What is the Pupil Premium Grant?

The Pupil Premium Grant (PPG) is additional funding to help schools close the attainment gap between children from low-income and other disadvantaged families and their peers. If a child has been eligible for free school meals (FSM) at any point over the past 6 years or has been continuously looked after for at least 6 months (CLA) the school receives an amount per head within their budget. A provision is also made for children who have a parent in the armed services. Beech Hill Community Primary School is committed to ensuring maximum progress for all groups of children and strives to close any gaps between groups.

Beech Hill Community Primary School actively promotes equality of opportunity for all staff, governors, pupils and parents, creating a supportive learning community where all can succeed.

We have a clear, strategic approach to the use of specific Pupil Premium funding and plans are integrated into wider school support and improvement systems. These are monitored and evaluated regularly and in depth data analysis ensures that the correct support and strategies are identified to maximise progress.

Key Priority

To close the disadvantage gap by addressing inequalities and raising the attainment of those students in low-income families through:

- Targeted additional support strategies which result in every student, however financially disadvantaged, being able to have full access to our curriculum and all our extra-curricular experiences.
- All students in the target group who are currently underperforming because of the impact of their disadvantaged background will make improved progress leading to narrowing of any attainment gaps.

Identified barriers to educational achievement

1. Well below average 'on entry' attainment to reception
2. Parental engagement
3. Attendance and punctuality
4. Social and emotional barriers to learning
